

NOTES:

- These Work Plans show the limits of deviation for the numbered works comprised in the authorised development, which are described in Schedule 1 (Authorised Development) to the draft Development Consent Order. The Works Plans should be read in conjunction with the draft Development Consent Order and the other plans and documents to be certified by it, in particular the Design Principles and the Outline Landscape and Ecological Management Plan.
- Work Nos. 2 (battery storage) and 3 (onsite substations) are not shown individually in the key but are shown in combination with Work No. 1 and in combination with each other. Within the combined limits of deviation for Work Nos. 1, 2 and 3 the Applicant seeks authorisation for any combination of those Work Nos.
- Schedule 1 divides Work Nos. 1, 2, 3, 5, 6, 7 and 8 into sub-works (e.g. Work Nos. 1A, 1B, 1C, 1D). The marking convention used to delineate the limits of deviation for the numbered works does not distinguish between the lettered sub-works; instead the lettered sub-works are indicated with a label.
- Work Nos. 2 (battery storage) and 3 (onsite substations) are not shown individually in the key but are shown in combination with Work No. 1 (and in some instances Work Nos. 7 and 8) and in combination with each other. Within the combined limits of deviation for these works the Applicant seeks authorisation for any combination of those Work Nos. shown within that limit of deviation.
- The limits of deviation for Work No. 7 (temporary construction laydown area) are shown in combination with other numbered works. This signifies that the Applicant seeks authorisation to construct the other Work Nos. indicated within that combined limit of deviation once the temporary construction laydown area comprised in Work No. 7 is no longer required.
- Work Nos. 1, 2, 3, 4 and 5 include the underground infrastructure described in Schedule 1. Where the label to a limit of deviation denotes a sub-work with a roman numeral (e.g. Work No. 1A(ii)) this demonstrates that the Applicant seeks authorisation within that limit of deviation only for the sub-work denoted by that roman numeral per the description of the authorised development in Schedule 1 to the DCO, together with its related ancillary works, and any of the other Work Nos. appearing on that label. This enables, for example, underground cables comprised in Work No. 1 (e.g. Work No. 1A(ii)) to be placed within a limit of deviation for other Work Nos. (e.g. Work No. 6A (landscaping)).

ORDER LIMITS
 - - - LOCAL AUTHORITY BOUNDARY

LIMITS OF DEVIATION

- Work No. 1C
- Work No. 6C
- Work No. 1C & Work No. 4
- Work No. 1C(iii) & Work No. 6C
- Work No. 1C(iii), Work No. 4 & Work No. 6C
